

VINOTH M

Phone : +91 9360749717 | Email : vinothjpvm@gmail.com | Location : Tirunelveli, Tamil Nadu
LinkedIn : linkedin.com/in/vinothcyberstudent | GitHub : github.com/vinoth12-2005

PROFESSIONAL SUMMARY

Cybersecurity-focused Computer Science engineer with hands-on experience in Linux administration, VAPT, and network security. Skilled in Python, JavaScript, and security tools such as Burp Suite, Wireshark, Nmap, and Metasploit. Passionate about ethical hacking, penetration testing, and secure application development with strong interest in solving real-world cybersecurity challenges through practical projects and technical research.

EDUCATION

B.E. — Computer Science & Engineering (Cyber Security) 2022 – 2026
Dhanalakshmi Srinivasan College of Engineering & Technology, Chennai — Anna University

Higher Secondary Certificate (HSC)
Vivekananda Vidhyashram Matric Hr. Sec. School, Tirunelveli

TECHNICAL SKILLS

Programming	Python · JavaScript (JS) · Bash Scripting
Web Technologies	HTML · CSS
OS & Networking	Linux Administration · TCP/IP · Network Protocols
Security Tools	Burp Suite · Wireshark · Nmap · Metasploit (Basic)
Security Domains	VAPT · Ethical Hacking · OWASP Top-10 · Digital Forensics
Dev Tools	Git · VS Code · Linux CLI

PROJECTS & TECHNICAL EXPERIENCE

Debugging Challenge Platform 2025
Department Technical Event · github.com/vinoth12-2005/VULnix2.0-debug-challenge

- Built an interactive debugging platform (Python, C, Java) used by 50+ participants; integrated AI-assisted content generation, reducing manual workload by ~60%.
- Developed full-stack solution: front-end UI (HTML/CSS/JS), back-end logic (Python), and automated test-case management.

Secure Conference Management System 2025
Full-Stack Web Application · github.com/vinoth12-2005/conference-management-system

- Built a multi-user system with role-based access control, authentication, and SQL injection prevention via parameterized queries.
- Applied SDL principles against OWASP Top-10 threats; built responsive front-end using HTML, CSS, and JavaScript.

CERTIFICATIONS

- Mobile Application Security — Skill-Byte (2025)
- Network Security: Mastering Cybersecurity & Ethical Hacking — Udemy (2025)
- Advanced Ethical Hacking in Tamil — GUVI / HCL (2026)

ADDITIONAL INFORMATION

Languages	English, Tamil
Key Interests	Penetration Testing · CTF Competitions · Network Forensics · Open-Source Security Research
Activities	Active participant in cybersecurity events, hackathons, and debugging competitions; hands-on exposure to ethical hacking labs and network simulation environments.
